

**Resume: Tania Hay**

My name is Tania Hay and I am re-nominating for the Tasmanian Riding Pony Committee.

I have served as chair of this state committee for 6 years. I bring a wealth of experience to the Tasmanian committee as I have been involved in breeding and showing horses for many years. My interest lies in pony dressage at the moment. I have represented my state many times at national level in both Show Horse and Dressage.

I have previously stood a riding pony stallion at stud and continue to show and compete his progeny. His progeny is very successful in this state. Although I no longer breed I have a keen interest in maintaining standards of the Riding Pony.

I currently serve on the Equestrian Tasmania board, the Tasmanian Equestrian Centre board as well as State Dressage Authority and Southern Zone Dressage committee. I work very hard for the organisations I serve on as the sport has been good to me and I feel the need to put back into sport to leave something for generations to come.

I am mindful of the current climate in economics and the sport in general and, along with the Tasmanian committee, have plans to assist our state in boosting numbers at events for all riding pony members and their ponies.

The Tasmanian committee have been successful in maintaining a healthy budget and giving members classes at shows throughout the state. I am keen to see this continue and for stability in this state I am therefore re-nominating.
