

Resume: Jodi Dalglish

I have been involved with the RPSBS for over 40 years. My first pony, Bundameer Destiny, who's blood lines span down to her great, great grand son and daughter still residing at my stud.

My love of the riding pony stemmed from my appreciation of their notable characteristics of elegance and presence.

My own stud 'Monrose Park', named after my mother Rosemary Monro, who's love of horses I have inherited, is around 20 years old. When I started the stud I made the decision to introduce some outside blood stock. Buying three amazing mares from the great Pauline and Darrell Owen at Owendale Stud, something I will be for ever grateful I did!

Over the years we have been fortunate enough to have our home bred Monrose Park Ponies consistently in top 10 line ups, Royal Championships and Grand National qualifiers.

My two daughters Holly and Jessica are an integral part of my stud, working and showing all of the stock I breed and helping with the preparation before sending off to the breakers. I am excited to have my riding pony Newcomers come out in the coming seasons.
