

RPSB Ltd South Australia Treasurer Report 2020

With the RPSBS Ltd. South Australia Committee being placed in Administration early in the year, all assets bar a token amount to keep accounts open were returned to the Federal Treasurer.

With the re-formation of the committee, three new signatories were added to the account and the funds being held by the RPSBS Board were returned to the original Bank SA account.

The new committee hosted one event during the year for which we were financially responsible. This event, the Murray Bridge All Breeds Show included our State Breed Show. Luckily, the numbers, on the day, in the other six rings, were such that the show made a small profit and the committee did not have to ask for Federal Support. The COVID-19 situation put paid to any ventures in the Autumn.

I thank Alyson Emery for the years of devotion she gave to being Treasurer and to her book keeping skills. All state accounts were audited as part of the National Audit. We also thank our sponsors, Lia Blacket for her Garlands and Rags for Nags for the Rugs for supporting the RPSBS Ltd. South Australian State Breed Show.

Greg Crocker,
Treasurer, RPSBS Ltd. SA Committee
