Welcome

To the Summer Edition of Rosette the E-Newsletter that's all about Riding Ponies with our focus on our Victorian Membership base.

As always we thank our supporters especially the constant generosity of EQUINADE who have been devoted to the Victorian Riding Pony member base for as long as many of us can remember. We hope you enjoy this edition with some much anticipated show results. Yours Diane Jose Editor.

Message from the Chair

Victorian members have been very supportive of the RPSBS and we have had up to date three very good shows so far for the members to get their animals out in such a turbulent time, we welcome back a show season as best we can with slight gaps in it due to covid, as we had with Barastoc very closely not going ahead, but luckily all was pulled together in the last minuet and we were able to hold our third show a week later.

We as a committee and from the board thank you all, it is a hard task which will be hard to follow.

A big thank you to Dean Mathews who stood in for our ill judge Judy Ivory, at our Bendigo show 5th Dec 2020, this again was great to see the start of showing for us and donations and numbers were impressive in such a bad time.this was pulled together by Tara Kirk and Jodie Christofersen.

Also our thanks to Melanie McGuire and Charlotte Hunt for judging our Riding pony of the year show.

Our sponsors as always a big thank you, without you we could not continue.

I was very sorry not to be able to attend the RPOYS 9th Jan 2021 but the committee members pulled together and the show went off well with very good entries, I thank you all members and Committee.

Our third show held in Victoria was our named Summer festival at Barastoc and we thank the committee of EV for allowing us to run our ring along side other breeds.

Thank you to Linley Arnold-Wardle for judging at our Summer Festival a great job done and a long day for all concerned, all our helpers a big thank you, John Robertson of Little Paddocks Stud recently moved back to Victoria from WA, was good enough to give up his day to help and set up in the morning and be our Ring Master for the day and a great job he did.

Our entries have been very even and good at all three shows and we have had new members join and come up and say how good it is to see we have the childs class's, they did not realise that we held all the class's we did so they will be attending our shows from now on.

Please all stay safe and well and remember we all play a part in keeping us all safe.

Robert Cockram

RIDDEN RIDING PONIES WITH BLAINE PERKINS…..

Victorian Riding Pony Committee

Please give us a brief summery about your involvement in Riding Ponies

My involvement with Riding Ponies began in 2010, Mirinda Eyeliner was the first Riding Pony that took my breath away and I have been hooked on the breed ever since. I now have owned, bred, broken and produced a number of riding ponies for the show ring. I currently have a small team of ponies with Amanda and Izabella McIntyre in Bendigo, Victoria.

How long have you been a Riding Pony Member? 10 years.

Are you a breeder? If so, what is your stud name and how long have you been breeding Riding ponies?

My prefix is ‘Royal Windsor’ which I began breeding for in 2014.

Do you ride your ponies in the ring or do you put a rider on the pony?

I prefer to have a younger or smaller rider on the RP’s as it is more suited to the breed however, on some occasion’s I have ridden the ponies in the ring.

Pictured above: Meteor Showers, Blaine Perkins & Izabella McIntyre, Strinesdale Matador (UK) x Silkwood April Showers, 14.2hh. (Photo Credit Angie Rickard Photography)

If you ride your ponies in the ring, what is your thoughts on children riding ponies?

It is my view that the child riders coming through the riding pony ranks in the last few years have only been improving with each year and thus have the ability to show the breed to the highest standard as done by their adult counterparts.

RIDDEN RIDING PONIES WITH BLAINE PERKINS…..

Victorian Riding Pony Committee

What is your most memorable ridden win with a Riding Pony and why?

Champion Large Hunter Pony at the Melbourne Royal Show in 2018, ridden by Izabella McIntyre. This win is most memorable as I purchased Spanner (Mirinda Fortitude) as a youngster from Peter and the late Robyn Barry of Mirinda stud who I greatly admire. It was also exciting to have broken the pony in myself and then produce him with his rider to win a show held in such esteem.

Photo credit Angie Rickard Photography.

Who trained you and who do you look up to for inspiration?

I have learnt from so many amazing people throughout the years and I take a lot of inspiration from all those constantly at the top of the show ring line ups, I think it's important to observe constructively to find what makes for a winning combination in

the ring. If I had to pick one person for inspiration, it would be Edward Gal.

Pet hates in the show ring and why?

My pet hate in the show ring is bad manners, ponies and people alike. Not only must the ponies display good manners to adhere to the breeds standard, it is important that riders display appropriate manners so as to respect the judge's breadth of knowledge and compliment the pony they are showing.

Photo credit above Lorelle Mercer

What are your views on over height Riding Ponies?

The overheight section has been an exciting addition to the Riding Ponies since its inception, although height wise these 'ponies' fall out of the typical breed standard they still display the highest qualities of the breed. I am now more drawn to purchase over height riding ponies as they suit our needs for the show ring given the height advantage for a taller rider whilst still offering the extra edge only the riding pony breeding can. Now that more Riding Pony shows are offering over height classes I really endeavour to support them into the future.

What is your ideal ridden Riding Pony?

My ideal ridden Riding Pony would tick all the boxes of the breeds standard of excellence and hold that special X factor. Quality and scope are the two main factors I look for when selecting a ridden pony. It must have the scope through its movement and body so it can carry the rider effortlessly and with purpose, it then must display quality from the tip of its nose to the end of the tail.

When producing a ridden Riding Pony, how would you work them and how often?

The ponies are worked 4-5 days per week. This generally includes two or three schooling days in the arena, one day being long reined and then the final day of the

RIDDEN RIDING PONIES WITH BLAINE PERKINS…..

week we use our canter track to stretch the ponies.

What is your preferred riding attire in the ring?

I prefer a classic look with a slight point of difference.

What is the best age to start showing a ridden pony?

I break the ponies in at 3 years of age and prefer to leave them until they're between four and five years old to show.

Are you a Riding Pony judge? What do you look for when the pony enters the show ring?

The first thing I look for as a pony enters the ring in the overall outline and appeal it creates.

Can you forgive bad manners and blemish of ponies in the show ring?

Bad manners and blemishes can be easily forgiven if the pony is of superior quality.

What would you like to see from the Vic RP society going forward?

I would like to see more classes available for overheight RP's at big events.

What do you think the future of the Riding Pony is, and do you think we should do anything to help owners/ producers or breeders to secure the future?

I think the RPSBS create many opportunities for those involved with Riding Ponies however, incentivized opportunities to breed and show Riding Ponies may encourage our younger members to continue the breeds excellence.

IN HAND SHOW PONIES WITH STUART ROBINSON…..

Victorian Riding Pony Committee

Please give us a brief summary of your involvement in Riding Ponies?

I became involved with riding ponies when I started as a professional producer in the showing industry.

How long have you been a Riding Pony member? 10 years

Are you a breeder? If so what is your stud name and how long have you been breeding Riding Ponies?

No, I am a producer of many well-bred Riding Ponies from a range of top breeders.

Arabella Juliet Sire – Llanarth Topcat (Imp UK) Dam – Yindarla Park Gift Owner/ Breeder – Cherrie Tulloch & Briony Randle: Photos – Lisa Gordon.

What is your most memorable in-hand win?

Supreme Champion Riding Pony Exhibit at Canberra Royal in 2019 with Arabella Juliet owned by Cherrie Tulloch and Briony Randle.

Who trained you and who do you look up to for inspiration?

I have had training and been mentored by a wide range of equestrian professionals, particularly my parents, Jayne Bellchambers and Matt Holtz. I look up to anyone performing at the top of the sport and believe there is something to learn from each of them.

Pet hates in the in-hand show ring (handlers and ponies)

A pony and handler that aren't gelling in the ring. Horses that are under produced and not ready to handle the show ring.

IN HAND SHOW PONIES WITH STUART ROBINSON…..

Victorian Riding Pony Committee

What are your views on overheight Riding Ponies?

I think they are a great addition to the Riding Pony Society as they are another registration for the Society and there is a demand for large galloways and small hacks in the open show ring. Further, it is another class for competitors with an overheight animal under saddle.

To you, what makes the perfect in-hand pony and why?

A pony that walks into the ring, that is fresh, happy to be there, wants to put on a show and catches the judges eye instantly. The pony must display the breed standard including correct confirmation and paces.

What is your ideal ridden Riding Pony?

A pony that comes into the ring with an even trot, not over-ridden, sits up in the bridle and able to carry a child around safely.

When producing an in-hand pony, how would you work them and how often?

Depends on the age, but all ponies get approximately three days a week work, tacked up in the round yard and using different elastic systems and a roller depending on what they require.

When leading in the show ring, what is your preferred attire? What would you think is not acceptable?

Subtle coloured suits/clothing such as a traditional tweed jacket with an appropriate hat and footwear. Nothing worse than attire that isn't practical.

What is your favourite age of pony to show and why?

2 year old, their trainable but still fresh. But my passion is youngstock from foals

IN HAND SHOW PONIES WITH STUART ROBINSON…..

through to three year olds, youngstock all develop differently, and I work with the breeder/owner to ensure the pony is shown at an appropriate stage of its development.

Are you a Riding Pony judge? What do you look for when the pony enters the show ring and why?

I have judged numerous Riding Pony shows including the Riding Ponies at Perth Royal Show and the Riding Pony feature show in Tasmania. I'm not currently on the Judges Panel.

Can you forgive bad manners and blemish of ponies in the show ring, if not why?

Depends on the nature of the manners, the age and the control within the ring. We all have different opinions on blemishes, depending on the blemish and if it has come about due to a confirmation fault, I will place the animal accordingly.

Mirinda Miss Mink Champion 2yo Show Pony at the RPOTY January 2021, with Stuart and judge Charlie Hunt. Photo Sandra Donovan

What would you like to see from the Vic RP Committee going forward?

Continuing to provide the great range of shows and younger judges on the Judges Panel.

What do you think the future of the in-hand Riding Pony is, and do you think we should do anything to help owners/ producers or breeders to secure the future?

I don't want to sound old fashioned, but I do believe we need to go back to some old blood and breed the lines back up again as we are currently seeing progeny that are mechanically not correct and aren't a good representation of the Riding Pony Stud Book Society. But I give credit to anyone that's breeding because without breeders, we don't have beautiful ponies to enjoy.

UK HOTY CHAMPION PROFILE…..

Victorian Riding Pony Committee

2019 HOYS Champion Show Pony

* Stretcholt New Dimension.
* Sire: Cusop Dimension
* Dam: Stretcholt Elegance
* 13.2hh Show Pony
* Breeder: Louis Edgar
* Owner: Louise Caulfield

Ed as he is known at home. I found Ed via a fellow producer Caitlin Galbraith in Scotland. He is by the legendary stallion Cusop Dimension out of Stretcholt Elegance. I spoke with Caitlin informing her I had a very talented young jockey, in the way of 14 year old Charlotte Caulfield and so I was looking to source an absolutely top class 13.2sp. She said she thought she had one. A picture was sent to me of a young immature pony from that I said I would have him. I saw everything was there in the right places ready to be a superstar. I sent a transporter up to Scotland to have him collected. Ed arrived on a dark winter night, we trotted him up the yard and I said “he will do”. I knew there and then this pony would trot down the centre line he oozed star appeal, charm and charisma.

UK HOTY CHAMPION PROFILE…..

He had been started by Caitlin I carried on and rode him away continuing with his ridden education. Ed went to his first show, won and stood novice champion, this winning streak continued. He won and stood champion at every novice show and at the BSPS winter championships. He qualified for the RIHS on his first attempt and also HOYS. Ed continued his wining ways at the BSPS summer championships sweeping the board and winning all of his classes. He really did set the scene alight last year.

HOYS looming I had a feeling as I did from that first picture of him he could go all the way. HOYS week is always a busy week for us here at Jinks Show Team and 2019 was no exception. With 26 ponies qualified we spent most of the week driving in and out competing every day. Ed was somewhat bright on the Friday morning of HOYS week at home and so I set to doing my job and prepping him for his class the next day. He was worked here at home and then we set off for what felt like the never ending journey back to the Birmingham NEC for show pony day. I worked in all of the show ponies however Ed stood out and I said to my partner David he will win here tomorrow. He just felt like a winner he lapped up the environment, felt incredible working in and rode like silk. The class was upon us I worked him in, hacked him down to the ring put Charlotte on him and said to her, “look after him and remember he is a novice, nanny him around, sit up, smile and win”, Charlotte looked back at me and said “got it”....!!!

UK HOTY CHAMPION PROFILE…..

Victorian Riding Pony Committee

As they say the rest is history, Ed owned the ring that day he said I am here and I'm your champion, and sure enough he was. In the main arena on that evening he was breathtaking to watch and the show pony championship HOYS 2019 will forever be one of my most cherished moments as a producer.

For that I thank you 'Stretcholt New Dimension'..... you truly deserved every rosette you win as you really are the epitome of a 13.2sp and forever will be my champion. Thank you Ed. Adam Forster - Jinks Show Team
